

The original Jonathan's Dream, inspired by the Barzach Family of West Hartford and built in 1996 as the first Boundless Playground, created an inclusive, accessible play space for families and children of all abilities. The new Jonathan's Dream extends this legacy with an engaging playground that keeps children of all ages and abilities active and moving.

The playground is located on the campus of  
The Mandell JCC 335 Bloomfield Ave. West Hartford, CT.
